

New Balance Elite Lite Womens

Elite Lite Womens offers the perfect blend of comfort and style. It has been designed with the latest look in mind but engineered for safety. Elite Lite Womens provides all-day protection thanks to its composite toe and debris free construction. The New Balance ACTEVA performance midsole technology also provides the ideal mix of support, cushioning and flexibility. With its modern and light, flexible leather upper providing a good balance between durability and breathability, Elite Lite Womens is suitable for an array of conditions across the light industrial space.

**Elite Lite includes a unique anti-perforation made from one of the three major high-performance fibers in the world with strength ten times greater than that of high-quality steel and density lower than water. Elite Lites anti-perforation delivers a soft, water resistant matter with excellent abrasion and flexing resistance.*
